

GLADESVILLE

School Holiday Intensive Soccer Training Clinics

Gladesville Ryde Magic Football Club is running soccer clinics in the school holiday period. The aim of the clinics is for the kids to develop their skills and train at a higher level.

The clinics will be run by FNSW accredited coaches and are designed according to FFA/FNSW Guidelines.

Sports recovery guidelines will be applied at the sessions.

Players of all levels are encouraged to attend. Club level players will be given training to improve their skills and the same style of training that youth league players receive. Youth league players will receive training to expand on their existing skill base, acquiring new skills to improve their game. An educational seminar will be included as part of the program.
